CAD P192472288
Body worn camera

On 09/04/2019 at 18:41 hours, Officer Hill (13977) responded to a Shoplifting/Misdemeanor at 1945 Highland St.

Officer Hill (13977) was met by witness Mamadou Sacko, a security guard for Buster's Liquor, who advised that he had detained a female white, later identified as suspect Adelaide Walker, for shoplifting. Witness advised that he observed suspect walking through the store with three (3) small bottles of liquor. In her hand. Witness advised that he observed suspect walk away from him and return a short time later holding two (2) small bottles of liquor. Witness advised a manager that he believed suspect may have concealed a bottle due to him not seeing suspect return anything to a shelf. Witness asked an assistant manager, witness Cameron Tuggle to check the store surveillance cameras to see if suspect had concealed anything in her pocket. Witness Cameron Tuggle advised that he reviewed the camera footage and observed suspect walking down an aisle, move closely to an aisle, gesture toward her left pocket with her hand, then return to the middle of the aisle while brushing off her pocket. Witness Cameron Tuggle advised that suspect then proceeded to purchase some small liquor bottles and attempt to leave the scene passed the point of sale. Witness Mamadou Sacko advised that he stopped suspect and inquired about the missing bottle he observed her with prior to the purchase. Suspect advised witness that she had put it down but could not show witness where she put it. Witness patted suspect on the pant area for his safety and felt an unknown bulge in suspect's left pocket. Witness asked suspect what the bulge was and she replied it was a taser. Witness requested suspect remove all properties from her pocket. Suspect removed the taser from her pocket but witness still saw a bulge in the left pocket and removed the bulge. Witness recovered a small clear bottle of liquor from suspect's left pocket. Witness detained suspect. Suspect advised that she was walking down the aisle holding multiple bottles of liquor in her hand and the taser in her pocket began to poke her. Suspect advised that when she went to adjust the taser, the liquor bottle accidentally slipped into her pocket unbeknownst to her.

Officer Hill (13977) took photos of the suspect captured on surveillance camera and the liquor bottle recovered from suspect's pocket on the department issued PDA. Suspect was placed on authorization of agency from Buster's Liquor. Officer took suspect into custody and transported her to Jail East. Video is available for investigators.

These events occurred in Shelby County, Tennessee.
